Item		Action
	<ul style="list-style-type: none"> • Surface dressing underway • Works programme and Surface dressing programme issued to all at meeting. 	
4.3	<p><u>Scottish & Southern Energy</u></p> <ul style="list-style-type: none"> • Sanday Major Works – Potentially cabling from Substation at Stove all the way up Island. Not to be carried out for another year possibly. Mostly overhead cables. • Hospital – Not much involvement. Fibre connection in Scapa Court. • Grid reinforcement works – Nothing imminent, not much involvement locally at mean time. 	
4.4	<p><u>BT Openreach</u></p> <ul style="list-style-type: none"> • BDUK works are ongoing. Notices on system. • Fibre works to Top station, Wideford. All work is through existing ducts. 28th June to begin test pulls and clearing blockages. 	
4.5	<p><u>Scottish Water</u></p> <ul style="list-style-type: none"> • Stromness water main now complete. • Sewer Works – No works imminent and can remove from list. • North Hoy works – Treatment works are now handed over for Construction. Ryan Pringle should have been in touch with OIC Roads but no contact as yet. John O'Neill and Jim Ballentine (Site Manager) from Rosshire Engineering have been in contact with OIC Roads. Douglas Sclater (OIC Roads) has undertaken joint condition survey of road with Jim Ballentine. Unit to be transported in First week of August 2018. Large lorry and Crane involved. Police would also need to be notified. Thereafter all works are self-contained in site. DW to forward on information required. No further info available at this time. • Stronsay – 1no. container unit to be provided at existing site. ESP looking after it. All works are self-contained in existing site however will need transported through Whitehall which may cause issues. Mike to highlight to ESP to speak to OIC Roads. • RPS Drain Flushing – Works have been mentioned again but no exact details at this time. • Matpow, Stronsay – Works not affecting Roads. • Holm Bog water main works – No roads affected. Environmental restrictions in place. Works start Sept 2018. • North Ronaldsay – Dedicated rising main up through island for approx. 2km. Most of the work is through fields but there is 1 road crossing. Also new access into site to avoid need to go through Cemetery. Start date of Nov 2019 given but Mike has questioned this given time of year with weather. 	DW
5.00	<p>NoSRAUC</p> <ul style="list-style-type: none"> • Traffic Management – Noted that there should be a scheme board at all works no matter how small. Important to detail who is responsible and supply contact details. • Reminder to be careful with comment boxes on SRWR. All text outside contact boxes will be made public so don't use names, addresses or anything you don't want made public. 	
6.00	<p>AOCB</p>	
6.1	<ul style="list-style-type: none"> • RD notes that Stevie passes on thanks to OIC Roads for co-operation with cable damage on Willowburn Road. Also notes to consider location of fibre in relation to other cables in future to ensure chance of this damage is minimised.
